PROJECTS

[Skyegee.com](#) | **Personal Website**

Front-End Developer

- Designed and developed a personal website using Next.js, React, Tailwind CSS, and JavaScript.
- Implemented a responsive and user-friendly front-end, ensuring a seamless experience across various devices and screen sizes.
- Created an engaging Rock, Paper, Scissors game using JavaScript, enhancing website interactivity and user experience.

[Scottbui.dev](#) | **Personal Website**

Front-End Developer

- Developed a website using React.js and styled it with Tailwind CSS.
- Successfully replicated the style of a preferred website to achieve specific design goals.
- Implemented a modular and reusable component-based architecture in React.

WORK EXPERIENCE

Tokio Marine North America Services

Desktop Support Analyst II

Bala Cynwyd, PA

May 2019 - September 2022

- Provided IT support to over 1,500 non-technical employees of TMNAS and Philadelphia Insurance.
- Created backups for client's data to ensure data migration to new hardware was successful.
- Utilized Active Directory to manage user permissions based on job roles and responsibilities.
- Applied security patches, updates, and configurations on newly imaged machines before deployment.

SPS Technologies

Network Technician Intern

Jenkintown, PA

September 2017 - March 2018

- Created instructional and technical documentation for newly integrated applications.
- Upgraded and installed security software on critical servers to ensure latest security patches.
- Utilized System Center Configuration Manager to generate security reports for analysis.
